

estimate of the changes in the applicant's proposed activities or plans which will be required in order that the applicant may obtain a permit.

- (5) delegate authority and responsibility to local governments, including counties, to perform all or any portion of a solid waste management program within the jurisdictional area of the local government; provided, that no authority over or control of the operations or properties of one local government shall be delegated to any other local government.

(b) The commission shall promulgate and the department shall enforce rules for the establishment, location, operation, maintenance, use and discontinuance of solid waste management sites and facilities. Such rules shall be designed to accomplish the maintenance of safe and sanitary conditions in and around solid waste management sites and facilities, and shall be based on recognized public health practices and procedures, sanitary engineering research and studies, and current technological development in equipment and methods. Such rules shall not apply to the management of solid waste accumulated by an individual or individual family or household unit and disposed of on his own property.

(c) The commission shall promulgate and the department shall enforce rules concerning the management of hazardous waste. Such rules shall provide for:

- (1) establishing criteria for hazardous wastes, identifying the characteristics of hazardous waste and listing particular hazardous wastes;
- (2) record-keeping and reporting by generators and transporters of hazardous waste and owners and operators of hazardous waste facilities;
- (3) proper labeling of hazardous waste containers;
- (4) use of appropriate containers for hazardous waste;
- (5) a manifest system to assure that all hazardous waste is designated for treatment, storage or disposal at a hazardous waste facility to which a permit has been issued;
- (6) proper transportation of hazardous waste;
- (7) treatment, storage and disposal standards of performance and techniques to be used by hazardous waste facilities;
- (8) location, design, ownership and construction of hazardous waste facilities;
- (9) plans to minimize unanticipated damage from any treatment, storage or disposal of hazardous waste; and a plan or plans providing for the establishment and/or operation of one or more hazardous waste facilities in the absence of adequate approved hazardous waste facilities established or operated by any person within the State;
- (10) proper maintenance and operation of hazardous waste facilities, including requirements for ownership (including ownership by any person or the State), financial responsibility, training of personnel, continuity of operation and procedures for establishing and maintaining hazardous waste facilities;
- (11) monitoring by owners or operators of hazardous waste facilities;
- (12) inspection or copying of records required to be kept;
- (13) obtaining and analyzing hazardous waste samples and samples of hazardous waste containers and labels from generators and transporters and from owners and operators of hazardous waste facilities;
